MESSAGE: Dear Ms. Andria:

Ms. Candy Morin of the Illinois EPA recently mentioned to me that you were looking to receive a copy of the Thermal Infrared Survey of Hazardous Waste Sites in East St. Louis, Illinois (February 1981). A copy of the document is enclosed. Please note that while the title of the document implies the sites are in East St. Louis, you will notice that in fact the sites are in Sauget and Cahokia. These are known as the Sauget Area 1 and Area 2 Sites. Also, based on data collected since this survey was conducted, we know that the boundaries of these waste disposal areas are not completely accurate as depicted on the aerial photos.

If you have any questions regarding the enclosed document or about the Sauget Sites, please feel free to contact me at 312/886-4663.

Thank you.
